

RLS Beauty!

Slideshow Competition

In Preparation:

You will develop a slideshow showing many of the beautiful aspects of the RLS campus. You will have one class period to assemble it, using Photos. You will begin by taking pictures of campus scenes you feel are beautiful – architecture, flowers, plants, trees, shadows, etc. Remember our quality standards: Framing, Lighting & Background. The slide must have background music composed by you using Garage Band. During the next class, your fellow students will judge and vote for what they feel are the best productions.
